The Natural Healing force within each one of us is the greatest force in getting well. Our food should be our medicine. Our medicine should be our food.

-Hippocrates

Dear Members,

Greetings from H.Q.

Wishing you all a very happy and prosperous New Year-2019.

It is a great honour for me to welcome all of you for 23rd Annual National Convention and International Conference which is being held at CSIR-NBRI, Lucknow (U.P.) on 22-23 February 2019 with the theme "New age opportunities and challenges for quality, safety and GMPs in herbal drug development".

I appeal to you all to make the society more active and vibrant by various scientific activities organized by state chapters and enrolling new members, specially the life members.

I look forward to see you all at Lucknow.

With best wishes.

Looking for highly motivated and enthusiastic young scientists to join our research team that identifies and pharmacologically characterizes bioactive natural products, mainly in the context of metabolic disorders. The successful candidate holds a relevant degree in Molecular/Cellular Biology, Biochemistry, Pharmacy, or a similar field.

Experience in standard cell-and molecular-biological techniques is of advantage. Interest in the field of metabolic disease, pharmacological characterisation of biologically active natural products and/or their molecular targets is expected.

Very good English and German communication skills are expected since the successful candidate will be involved in teaching (practical courses in pharmacy).

Employer expect high motivation, commitment and the ability to work reliably under pressure. They offer high scientific quality in our field, very well equipped laboratories with an up-to date scientific environment, interesting projects and an excellent working and social atmosphere within the group and the Department.

The University of Vienna aims at increasing the employment of women in both managing and academic positions and therefore invites applications from qualified female candidates. In the case of equal qualification female applicants will be given preference.
